

EP50 Cleaner Disinfectant

EP50 Cleaner Disinfectant is an oxidizing multi-purpose degreaser that contains biodegradable surfactants, hydrogen peroxide and orange oil. It is ideal for hard, non-porous surfaces in industrial and institutional areas. EP50 is designed for use in hospitals, nursing homes, hotels, schools and food service establishments. It is a practical and more sustainable solution to traditional cleaning systems, providing a cleaner, safer, more enjoyable working and living environment.

EP50 Applications:

Disinfectant / Virucide / Sanitizer

- Kills 99.99% common bacteria.
- Kills 99.99% specified viruses.

Including Herpes 2, Influenza A2/Japan, Staphylococcus, Salmonella, Strep, Pseudomonas aeruginosa, E-coli and HIV-1 (Human Immunodeficiency Virus).

Multi-Purpose Cleaner / Degreaser

- Will cover 95% of your general cleaning needs.
- Cuts grease with its neutral pH
- Streak free glass cleaning

Can be applied on wood floors, marble, grout, glass and more! Can be used for mold and mildew cleaning, carpet spotting and extraction, stainless steel cleaning, as well as to sanitize tanks, cutting boards, counter tops, drinking glasses and eating utensils.

Bathroom Cleaner

- Cleans and restores tiles and grout
- Cleans ceiling to floors

Effective on sinks, faucets, counters, urinals, toilets (non-water covered surfaces), and all hand contact surfaces as well as walls, tiles stalls and floors.

Deodorizer

- Kills bacteria, source of odour.

Penetrates surfaces, oxidizes and kills source of odour.

Three dilutions address your general cleaning needs:

Heavy Duty Dilution (1:12)

- Disinfection / Virucide
- Bathroom surfaces
- Kitchen/cooking surfaces
- Food grease, heavy soil
- Urine, garbage odors
- Heavy spot carpet care
- Restoration, tile and grout

Medium Duty Dilution (1:38)

- Multi-purpose cleaner

Light Duty Dilution (1:127)

- Kills HIV
- Glass and stainless steel
- General floor mopping
- Auto-scrubbing

EP50 Features:

- Ecologo certified disinfectant
- Non corrosive
- Easily rinseable
- No excess foaming
- Disinfection completed in *5 minutes*
- Can be used in a neutral or acid environment
- No toxic residus - ideal for food service establishments
- Lower toxicity than conventional cleaning products

AND

- Is a Hydrogen Peroxide Solution!

Products formulated with hydrogen peroxide is one of the easiest ways to ensure that you provide a safer, healthier, and cleaner environment, without the risk of the toxicity that is sometimes associated with conventional cleaners. By cleaning with products formulated with hydrogen peroxide, you not only protect the health of your employees and the building users, but you also help protect the natural and built environment. Using hydrogen peroxide based products is considered an excellent option for cleaning because of their ability to effectively and successfully break down a stain.
